## This is the Integration Council

---

The Integration Council is a committee that is democratically elected and comprises 13 members. The representatives are chosen from all residents of Monheim that have foreign nationality and or who have acquired German citizenship through naturalisation.

As a result of comprising seven directly elected migrant representatives and six members delegated by the town council, the Integration Council can ensure a good co-existence in the town through political participation.

### Your Integration Council supports the following issues:

- Political involvement of people with a migrant background
